“Being part of GSEA alone was an experience that boosted my career, morale, and ambition as an entrepreneur. Winning the competition just made it that much more rewarding. The best part of the prizes is that they all came with relationships from Entrepreneurs who care and they continue to stay involved in my business and help me grow and learn. EO has done a great deal to put me in front of the right people - both for funding and expansion opportunities, but just as importantly for media and press.

Being accepted into a global network of leading entrepreneurs has had an immense value I cannot put a monetary value on. The friendships, advisers, and peers I have collected have enabled me to advance my ability from what I would consider a Varsity High School bench athlete to a Div 1 AAA starting college player. I'm on my way to the pros with EO!”

- Dominic Coryell, 2008 GSEA Global Champion
Owner, Garment Valet

GSEA has been a priceless opportunity that I will never forget. I not only had the opportunity to meet and get to know some major Entrepreneurs from EO, but I also had the chance to learn and speak with other student entrepreneurs, like myself, from around the world. I still keep in touch with many of the members of EO and GSEA contestants today, and they have helped me in all aspects of my life and business—SEO, marketing, and even helping me start up my own entrepreneur networking group. I cannot stress enough how much GSEA has helped me and I am still thankful to this day that I decided to apply for it. I do not think that my businesses would be where they are today without the aid of GSEA.

- Misa Chien, 2008 Global Semi-Finalist
Owner, Miss Misa, Posh Pants and Nom Nom Truck

“The GSEA helped me reaffirm my choice to pursue the life of an entrepreneur. The opportunity to meet world-class entrepreneurs at the GSEA global finals and to be surrounded by a group of passionate peers running successful businesses reminded me why I was so passionate about entrepreneurship and encouraged me to pursue my vision. GSEA also provided a fantastic network and has opened up a wide range of exciting partnership and growth opportunities that would not have been available otherwise.”

“Because of the GSEA, my business is on track to more than triple revenues for our 2009 FY. We have hired 5 new full-time employees, launched a new product line and have expanded geographically to Boston, Chicago, New York, and San Francisco.”

- Seth Flowerman, 2008 Global Finalist
Owner, Career Explorations
